The Student Council'18

To
The Student Body

It is with immense pleasure that we the members of the Student Council of Sri Manakula Vinayagar Medical College and Hospital invite you to the 10th South Indian Medical Students' Conference (SIMSCON'18), a national level medical undergraduate and postgraduate students' conference that is to be held on the 22nd and 23rd of June, 2018.

What makes SIMSCON'18 unique is that it is wholly organized by the students of our college. The theme for the conference this year is "Clinical Competence in Medical Practice" and our events will be centered on this theme. Clinical competence is the most essential skill to be learnt by any medical student from the very beginning of his/her medical career.

The Pre-conference workshops held on June 22 will include a series of diverse workshops that will be conducted by experts. The workshops include Basic Medical Skills, Basic Surgical Skills, CPR Training, Understanding ECG, Palliative Care, Helping People Quit Alcohol or Tobacco and, EPI Collect. Additional events such as Medical Dumb Charades and Career Symposium will also be conducted.

The Conference held on June 23 will include keynote address by Dr. S. P. Kalantri, Medical Superintendent of Kasturba Hospital, Sevagram, Maharashtra. Scientific sessions such as Oral, Poster, E-Poster and Clinico-Pathological Correlation will also take place. This day will also include Medical Spell Master and Medical Quiz.

The venue for the conference is our campus located within lush and ornate environs 25 kms from Pondicherry, a city built with French elegance, offering a kaleidoscope of attractions and places of interest to visit. Online registrations for the conference can be done at our website - <http://simscon.com>. Additional information about the workshops, conference events, accommodation, transport, registration fees and contact details are available on the website.

We would be delighted to have you at our conference.
Looking forward to hear from you.

On behalf of the Student Council.

Yours sincerely,

J. Ilamparithi
