**Subject:** Regarding DHR Project-Short term fellowship program in Good Clinical Practice

Respected Sir/Madam,

We are pleased to inform you about the "Short term fellowship program in Good Clinical Practice" conducted by RIMS, Ranchi. This program is supported by the Department of Health Research (DHR) under Human Resource Development (HRD) scheme (support to institutions for imparting training).

Good Clinical Practice is a set of guidelines for biomedical studies which encompasses the design, conduct, termination, audit analysis, reporting and documentation of the studies involving human subjects. Like last year, this year's training program will also be conducted in 3 modules of 2 weeks each from the month of April to June 2023. Please find attached the brochure for details of tentative schedule, mentors and criteria of selection, certification etc.

We request you to encourage participation of faculty, PHD students & PG students from your esteemed institution in this training program.
