Subject: **Nomination for NAMS Academic AWARDS – 2023.**

Dear Sir/Madam,

The Academy was set up in 1961, in pursuance of the resolutions adopted at the meeting of the Central Council of Health after consulting the State Government, Universities and Professional bodies. The Academy was established based on the pattern of the model of the National Institute of Sciences in India, which was itself based on the model of the Royal Society of London. It was decided that the Academy would be purely non-official organization of scientists which would be suitably recognized and financially supported by the Government of India.

It was also decided that till the time the Government recognize the Academy by an Act of Parliament, it should go ahead as a registered Society. Once, Academy is registered as a Society and start functioning, the Government would consider the giving suitable recognition and to give financial assistance.

It is the highest Academic Body of eminent Medical and Biomedical scientists of India.

Applications are invited for Academic AWARDS – 2023 from Medical, Dental and Bio- medical Scientists.

Last date of submission of application is 28.02.2023.

Please see the details in the attachments and also please refer to NAMS Website: <http://www.nams-india.in>
